QPICSA.COM

Welcome

Welcome to Aetna Whole Health (AWH), your health plan sponsored by Quality Partners in Care (QPIC). Your employer selected this health plan to provide you and your family with high quality, cost effective, and personalized care. We believe you will enjoy the unique advantages QPIC offers.

To ensure you receive the proper care and have access to all of your Aetna Whole Health benefits, the first step is to select your Primary Care Physician (PCP). Choosing a PCP is very important. Your PCP will learn your medical history should you become ill, your access to getting an appointment or referrals will be much simpler.

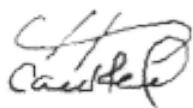

1. Go to www.QPICSA.com
2. Click on 'Doctors' then select 'Primary Care'
3. Select a PCP from the map or use the list above the map. Click on the physician name for more information or for verification if your provider is in our AWH network. Please call (210) 920-9301 or email QPIC@healthtexas.org for any assistance.
4. Once you've selected your PCP, then call your doctor to register as a new patient and schedule a new patient appointment. This will immediately put you on a path to enhancing your health!

As an Aetna Whole Health/QPIC Member, you have access to same day sick appointments, VIP referral processing, and lower co-payments for visits, and much more. Also remember, the best way to take full advantage of savings and personalized coordinated care is to stay in network.

Thank you for choosing us for your healthcare. All of us at QPIC – your doctor and health care team – are here for you and we look forward to seeing how Aetna Whole Health & QPIC will enhance your health.

Simply said, Aetna Whole Health – Better Health. Better Care. Better Cost.

Yours in health,

Chris Caulfield, MD
Medical Director,
Quality Partners in Care

Fullest savings occur when Aetna Whole Health members remain in network for primary, specialty and hospital care.

Multidisciplinary GI care for lasting symptom relief

Referral Guide

What is Oshi Health?

QPIC has partnered with Oshi Health, a virtual gastrointestinal (GI) care program — **in-network with Aetna® and other major health plans**. With Oshi Health, patients can get seen by GI provider within two days to get started on a **personalized, evidence-based care plan** and more.

How does it work?

Oshi Health's **clinically-proven GI care is designed to meet each member's needs**. The care experience begins with a GI provider visit to get to know the member, their health history, and their care goals. From there, a tailored care plan includes **access to step-by-step medical, dietary, and behavioral health support** to gain symptom control.

What type of providers are available?

Oshi Health members have **unlimited access** to:

- Board-certified gastroenterologists
- GI nurse practitioners and physician assistants
- GI registered dietitians
- GI behavioral health providers
- GI care coordinators

How to refer to Oshi Health:

Please direct your patients to enroll in Oshi Health at **oshihealth.com/qpic**.

How much does Oshi Health cost? Is it covered by insurance?

Oshi Health GI provider visits, including unlimited dietary and behavioral health support services are included with Aetna® plans. All standard co-pays and deductibles may apply as noted in plan benefit details.

What conditions does Oshi Health treat?

Oshi Health helps patients with **all types of GI conditions and symptoms, regardless of whether they have a diagnosis**. Oshi Health provides support for:

- Crohn's disease and ulcerative colitis
- Irritable bowel syndrome (IBS)
- Small intestinal bacterial overgrowth (SIBO)
- Gastroesophageal reflux disease (GERD)
- Abdominal pain and bloating
- Constipation and/or diarrhea
- Stress-induced digestive symptoms
- And more

Questions about how Oshi Health can support your patients?

✉ **enrollment@oshihealth.com** or

☎ **(646) 876-8455** (9 a.m. - 7 p.m. EST)
